

New Year 7 Guide to Accessing Different Systems for Homework

Once you have downloaded **Microsoft Teams** or opened up online you need to type in the email address that looks like the one in the username box below.

You need to make sure you click on the option for Work, School or Microsoft account, **NOT** a personal account.

Microsoft Teams

Microsoft Teams

Enter your work, school,
or Microsoft account.

25J.Bloggs@hessleacademy.com

Please enter a password

Log in

or

 Sign in with Google

 Sign in with Microsoft

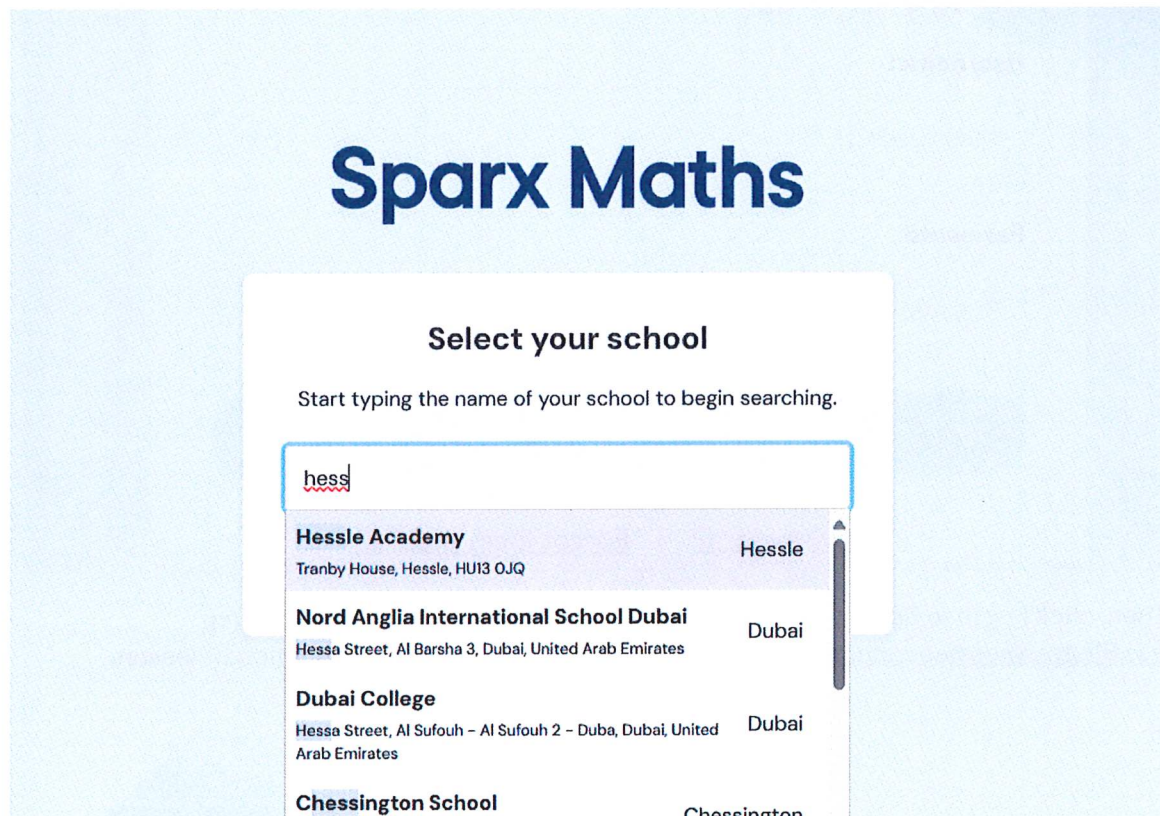

You need to click on Sign in with Microsoft and as with Teams earlier, you need to follow exactly the same process.

Type in your email address i.e. 25J.Bloggs@hessleacademy.com and then the password you set during your first I.T. lesson.

To login to Sparx Maths you need to click login

Then you need to select your school

Errors

Any errors you get will be down to:

- 1) Not clicking on Sign in / Login with Microsoft
- 2) Not typing your email address in correctly
- 3) Not typing in the correct password
